

 C LUE 1

Let's get going
Too bad it's not snowing!
Check where the sleds might be
And see if the next clue you see.

 C LUE 6

Special people always have a place
On the shelves we save
them a space.
Framed for all to see
Behind one of them
your clue will be.

 C LUE 2

Good job but let's keep looking
For another clue is cooking!
Where spoons might be stored
But hurry before you get bored.

 C LUE 7

We are getting close to the end
What a great time we did spend!
But there is still time
for a little more fun
Look inside something you
need to run

 CLUE 3

People put their feet up by the fire
To relax and to be inspired.
In many homes a painting
or a TV you might see...
And near is where your next
clue will be.

 C LUE 8

Wow you did it and passed the test
I knew you would be the very best
Your prize you'll find
near where you doze
Under where you rest your nose!

 CLUE 4

Toys! Toys! Everywhere.
Robots, dolls and stuffed bears!
"Clean up the mess!"....mom
probably shouts
Search near there and your next
clue will be about!

 C LUE 9
 CLUE 5

Magazines, books and mail
start to pile
Sometimes things are
there awhile!
Look around and find a stack
For clue hunting you seem
to have a knack.
